UCEAP Course Number 127
UCEAP Course Suffix
UCEAP Official Title PHILOSOPHY OF SCIENCE
UCEAP Transcript Title PHILOSOPHY OF SCI
UCEAP Quarter Units 4.00
UCEAP Semester Units 2.70

Course Description

This course examines the workings of science through four core topics: how science explains, how we reason to science, what scientific theories tell us about the world, and what role values play in science. Students consider cases where science succeeds, as well as cases where it fails, and they learn to explore deep philosophical issues about our knowledge of the world.
