8.00

UCEAP Semester Units
5.30

Course Description

The course introduces students to a range of theories and concepts used in the academic study of public policy. It explores issues that cross the remits of different levels of government (local, regional, national, international/supranational). The course is presented in a way that facilitates a comparative analysis of political systems in different places and at multiple levels. It brings together academic expertise and practical experience, by inviting policy practitioners to present case studies.
