Course Description

The course explores how gender, both masculinity and femininity, is given various meanings in different time periods and how gender intersects with other social categories. The course is thematic and incorporates a long time span as well as various geographical regions but with an emphasis on European history. The course focuses on developing independent and analytical thinking through reading articles on various topic. Students develop a deeper understanding of the role gender has played in history, and they improve their critical thinking through examining and assessing historical arguments.
