Course Description

Taking the perspective of women and entrepreneurship, this course takes a different approach to the role of the individual in the entrepreneurial process. This course acknowledges that there are differences between the way men and women go about being entrepreneurs by focusing on entrepreneurship with different gender, economic, and cultural contexts and exploring which lessons one may draw from these different contexts, both from an academic as well as from a practical perspective. Rooted in a strong academic base, the course considers entrepreneurial concepts in different contexts leading to context-rich learning and a better appreciation of diversified entrepreneurial solutions.
