UCEAP Transcript Title EUR FILM: MIGRATION
UCEAP Quarter Units 6.00
UCEAP Semester Units 4.00

Course Description

Migration is and has been, a significant influence on European cultures and societies. This course acknowledges this from two main perspectives. On the one hand, how conditions of migration have been represented in film and television – in different national and historical contexts. On the other hand, how migration has affected film production itself, not least regarding how film workers have moved from one country to another, finding new arenas for exploring both their creativity and identity.

Language(s) of Instruction
English
