Course Description
The course includes texts and exercises that focus on themes related to daily life and current issues in contemporary Danish society. The course includes fictional and nonfictional texts. The course highlights and explains points of grammar and pronunciation. Students increase their vocabulary and become better acquainted with frequently used idioms and their structural and contextual constraints. During the course, students develop the ability to: understand oral presentations of topics relating to everyday life and current issues from family and social life, including the ability to understand the main ideas of radio and television items presented in a simple manner; read textbooks and simple authentic texts and understand the main ideas of simple newspaper articles; talk about such topics as mentioned above and communicate in Danish in most everyday situations; initiate conversations and express opinions about issues from daily life and society; write about ordinary topics dealt with in the course, including the ability to express opinions in writing about a number of issues of personal and social interest; and identify and apply basic rules of Danish grammar and phonology.
