UCEAP Course Suffix
UCEAP Official Title INTERACTIONS IN MUSIC AND SCIENCES
UCEAP Transcript Title INTERACTION MUS&SCI
UCEAP Quarter Units 6.00
UCEAP Semester Units 4.00

Course Description
This course explores the multidisciplinary nature of music by offering a plethora of evidence from both contemporary research and practice. Students explore how music celebrates artistic expression and experience but also scientific inquiry and discourse. They examine literature and evidence relating to the origins of music, the ontology and epistemology of music, musical development and education, music perception and cognition, sociological perspectives, and the role of science and technology in, with, and through music.
