UCEAP Transcript Title GLOBAL ECONOMY
UCEAP Quarter Units 3.00
UCEAP Semester Units 2.00

Course Description

Prerequisite: It is strongly encouraged that students to take the statistics/econometrics classes in the same semester if they have not yet done so.

This course provides an opportunity for students to conduct academic research in the field of economics; summarize research outcomes in a paper effectively, and present their research outcomes in an engaging manner. Given the increasing demand for data analysis skills in industry and academia, this course is designed to help students learn empirical skills and apply them in academic research.
