UCEAP Quarter Units 5.00
UCEAP Semester Units 3.30

Course Description
The course covers basic concepts in anthropology in four major fields—biological anthropology, linguistic anthropology, prehistoric archaeology, and social and cultural anthropology. It provides a study of major anthropological theories (classical, contemporary, etc.), concepts, and methodologies. The course includes anthropological research and ethnographic writing. Topics include human evolution; prehistoric culture; family, kinship, social structure, and gender; politics and human rights; social and cultural dimensions of economy; ethnicity and nationalism; symbolic culture; language; expressive culture (art, music, performance, literature); urban anthropology; and media and the digital age.
