UCEAP Transcript Title RECORDING TECHNIQUE
UCEAP Quarter Units 6.00
UCEAP Semester Units 4.00
Course Description

This course builds on the basics of sound recording presented in The Laptop Recording Studio. Aspects of sound recording including microphone use, mixing, ensemble/band and solo recording, acoustics, recording set up and editing are examined. The course is delivered in a workshop environment and practically illuminates the fundamental and advanced principals of mixing and recording engineering. The workshop provides the opportunity for problem solving through the completion of short assignments and group discussion of issues related to advanced studio recording.
