UCEAP Transcript Title
EARLY MODERN ARCH

UCEAP Quarter Units
8.00

UCEAP Semester Units
5.30

Course Description
The dominant patterns and typologies of western European architecture in the early modern period originate in Italy in the 15th century. In the cities and courts of central and northern Italy, a virtual laboratory of architectural form generated new typologies of domestic, civic, and ecclesiastical architecture. In particular the development of domestic or residential design as a subject of focused architectural endeavor reflects the increasing secularization of European society.

Language(s) of Instruction
