Course Description

This course is designed to provide students with an introductory understanding of Anglo-American law. It starts with a detailed discussion of the establishment of modern judicial review and the workings of the United States Supreme Court. Next, general features in common law development and procedures are taught. The third part of this course is devoted to an understanding of how judicial power exercised in common law jurisdictions (particularly in the American federal legal system). Last, the course discusses some of the important developments in Anglo-American legal culture and education.
