Course Description

This course introduces the workings of politics from the perspective of citizenship. Topic questions include: What constitutes citizenship? What are the roles, duties and obligations of being a Singapore citizen? How do citizens interact and impact politics and decision making in Singapore? How have changes over the years, including perspective of Singapore's political history, imperatives shaping national politics, the political system, its key structures and approaches to nation building, affected national politics and in turn, led to the political elites responding to changing demands of citizens? The course also discusses the role of civic and civil society.
