Course Description
This course provides an overview of International Relations (IR) theory, with focus on the concepts and approaches often adopted in studying the discipline. It explores different theoretical frameworks and key issues encountered by the globalizing society. The course covers a wide array of topics including mainstream international relations theories, supplemented with case studies; analysis of key theoretical literatures and respective historiographical perspectives, such as the Clash of Civilizations and its critics; in-depth studies on selected thematic issues; and International Relations theory and Globalization. Assessment: midterm paper (30%), final paper (30%), presentation (30%), attendance and participation (10%).
