UCEAP Course Suffix H
UCEAP Official Title Social Policy in Germany
UCEAP Transcript Title SOC POLICY GERMANY
UCEAP Quarter Units 4.50
UCEAP Semester Units

3.00

Course Description

The German social system has long been considered the archetype of the conservative welfare state. Germany introduced a far-reaching social security system as early as the 1880s, which has shown amazing durability despite wars and across forms of government. But has the social security system remained true to its conservative reputation, or has it moved away from this ideal type in recent decades? And what are the effects of these changes on the social impact of social policy? In this seminar students consider these questions.

Language(s) of Instruction
German
