6.00

**UCEAP Semester Units**

4.00

## **Course Description**

Ethics explores the relationship between self and other, the moral dimensions of human behavior, and the question of how one ought to act under certain circumstances. This course investigates the significance of these topics in relation to international politics. The lectures introduce students to a variety of normative approaches that have come to shape issues of peace, morality, and justice in international politics. Topics include human rights, humanitarian intervention, hunger, and inequality.
