IMAGING THE BRAIN, READING THE MIND

UCEAP Transcript Title

IMAGING THE BRAIN

UCEAP Quarter Units

6.00

UCEAP Semester Units

4.00

Course Description

This course introduces students to the main methods used to image the function of the living brain in humans and to the type of questions that can be addressed with these methods. Students develop the required knowledge and skills to become critical consumers of research in this expanding and fascinating field, as well as to analyze their own functional neuro-imaging data.
