Course Description

This course takes up gender as the primary object of study and category of analysis. It aims to understand the conceptualization of sex and gender by various scholars and the implications of their theorization; understand the process of becoming a woman/man via the social construction of masculinity, femininity, sexuality, and the body; the implications of being a woman/man on our lived experience, and the mechanisms that reproduce, maintain, challenge, and change the observed gaps between the two sexes in daily lives or various institutions, e.g. family, education, and labor markets etc. Assessment: essay, group project, presentation, attendance.
