Course Description
This course explores the social nature of language learning by focusing on the central role of teacher language and classroom interaction in managing and supporting children's language learning. Topics: various functions of teacher talk and the role of teacher language not only in managing students' learning but also as the main source of language input in the English language classroom; the need for teachers to monitor, modify and support their language to meet the needs of their learners and to create space for learning through interaction; and the analysis of samples of classroom discourse, focusing on teacher and student language and interactions and their impact on student learning.
