Course Description

The course provides a basis and preconditions to constructively and critically reflect on the interplay between global health, the Convention of the Rights of the Child, and different international and national norm-supporting structures. The course
offers basic knowledge of the contents of the Convention on the Rights of the Child and global health, and also discusses the interplay between the Convention on the Rights of the Child and global health. The course discusses the importance of the Convention for the development of children's rights and living conditions, policies, strategies, and laws.
