Course Description

The purpose of this course is to provide you with the essential knowledge of and skills related to human behavior in an organization. Organizations are everywhere. Regardless of the type of work, understanding how people think, feel, and interact with others is crucial for your career success and happiness. We examine the issues of motivation, perception, group dynamics, leadership, diversity, and culture in organizations, not only from a theoretical academic perspective but also from a practical standpoint. Topics include Personality and Values, Diversity, Foundations of Group Behavior, Perception & Decision making, Attitudes & Job satisfaction, Team Conference, Motivation, Negotiation & Power, Organizational Culture, Organizational Change, and Contemporary Issues in organizational behavior.
