UCEAP Transcript Title LEARNING VIA SPORT
UCEAP Quarter Units 6.00
UCEAP Semester Units 4.00

Course Description

This course examines the educational relevance of sport and outdoor education. Through both practical experience and theoretical framing, the educational relevance of sport and outdoor education is investigated and analyzed. This investigation and analysis will draw comparisons and contrasts between sport and outdoor education via autoethnographic methods. A philosophical perspective will be taken in regards to comprehending this investigation and analysis, informed primarily by the theories of John Dewey as they pertain to understandings of experiential education.
