UCEAP Quarter Units 4.50
UCEAP Semester Units 3.00

Course Description

This course examines the way in which we concentrate on one source of information and ignore the other sources of information in a given environment. The course begins with an introduction of the attentional processes and the common approaches that are used to study attention, followed by a presentation of visual and auditory attention; inhibition phenomena, and multiple-task performance.

Language(s) of Instruction
