Course Description
In this course, students examine various types of text from the fields of architecture, urban planning and landscape planning, such as excerpts from lecture scripts, calls for proposals for architecture competitions, jury statements from award ceremonies, exhibition catalogs, textbooks, but also articles from professional journals or feature pages, among others. In addition, students analyze audio recordings and shorter videos. Small excursions within Berlin are also part of the course program. During the course, students practice: reading, understanding and writing academic texts; expressing their opinion and contributing in discussions; giving presentations.
