A

UCEAP Official Title
ANTHROPOLOGY OF SCIENCE AND TECHNOLOGY

UCEAP Transcript Title
ANTHROPLGY/SCI&TECH

UCEAP Quarter Units
4.50

UCEAP Semester Units

3.00

Course Description

This course offers an introduction to the anthropological study of science and technology. We examine how science and technology come to matter in our daily lives. Rather than considering scientific facts and technical objects as products of human progress, independent of social and cultural contexts, we ask how specific facts and objects are produced (while not others) and how those facts and objects shape the ways we understand ourselves, live our lives, and relate to one another.

Language(s) of Instruction
English
