UCEAP Quarter Units 6.00
UCEAP Semester Units 4.00

Course Description
This course explores the changing conception of youth, focusing on youth as a social category that has often been seen as a problem both to themselves and to wider society. Students are introduced to psychological theories of adolescence as well as the sociological idea of youth. A substantial proportion of the course concentrates on the idea of deviance and delinquency and, in particular, the significance of delinquency in our understanding of the nature and experience of being young.
