Course Description
Maori have always been scientists and this science enabled them to adapt to, survive and thrive in the landscape of Aotearoa. This course examines how, by looking at matauranga and putaiao Maori (Maori knowledge and science) in both traditional and contemporary contexts. It examines the differences and similarities between Western and Maori ways of knowing. Workshops and field trips on topics such as hangarau (technology) and rongoa (medicine) allow students to engage with matauranga and putaiao in practical ways.
