| **UCEAP Semester Units**<br>4.00 |

**Course Description**

This course provides students of planning and other urban-related undergraduate courses with an introduction to transport studies, including key transport planning concepts, policies and the relationship between transport and urban planning. The course provides insight into ‘doing’ transport planning, to help prepare for further study or work in the planning and/or transport sectors. Students study key transport concepts such as flow and capacity, both practically through fieldwork and calculations, and through the transport policy and planning literature.

**Language(s) of Instruction**
English
