Course Description

This module is designed to help foreign students with their understating of Persian culture to improve their fluency, their comprehensibility, and their overall confidence. It helps students develop a competency in comprehending and producing Persian, as well as sociocultural competency in communicating with the people who speak or use it in meaningful ways. This module presents a basic understanding of the Persian language covering five skills: listening, speaking, reading, writing, and culture. It teaches students the Persian alphabet, basic sentence constructions in Persian, basics of Persian grammar, and vocabulary to be able to read basic texts and conduct basic everyday conversation.
