UCEAP Transcript Title NORWEGIAN PHONETICS
UCEAP Quarter Units 4.00
UCEAP Semester Units 2.70

Course Description

This is a practical course in Norwegian pronunciation. It focuses on improving pronunciation both on the segmental level (vowels and consonants) and on the prosodic level (quantity, stress, accent, and tone), as well as some other phonetic areas. The course also distinguishes between phonetic differences that are relevant to Norwegian phonology, thereby improving comprehension of spoken Norwegian. To some degree, Norwegian is compared to other languages that the students speak.

Language(s) of Instruction
Norwegian
