COURSE DETAIL

DRUG DESIGN AND DEVELOPMENT
Country United Kingdom - England
Host Institution University College London
Program(s) University College London
UCEAP Course Level Upper Division
UCEAP Subject Area(s) Biochemistry
UCEAP Course Number 126
UCEAP Course Suffix
UCEAP Official Title DRUG DESIGN AND DEVELOPMENT
UCEAP Transcript Title DRUG DESIGN & DEV
UCEAP Quarter Units 6.00
UCEAP Semester Units 4.00

Course Description

In this course, students consider the ways of identifying novel compounds for development and the processes which take place before such compounds are released onto the market following its introduction into clinical practice. The course includes an opportunity for group project work on the development of a specific drug and series of case studies looking at the criteria which contributes to successful outcome in a drug development program.
