CHINESE URBANIZATN

**UCEAP Quarter Units**

6.00

**UCEAP Semester Units**

4.00

**Course Description**

Urbanization in the developing countries is often being washed by the waves of internationalization, and a characteristic of this is thought to be a loss of the sense of traditional territoriality. This course analyzes the relationship between urbanization and Chinese international migration. The lectures are in Chinese but available reference materials include those in English and Japanese. This course is intended to be for those who are the international students from Chinese-speaking countries.
