UCEAP Transcript Title
SUSTAINABLE DEV 1A

UCEAP Quarter Units
8.00

UCEAP Semester Units
5.30

Course Description

This course addresses the central problems facing us in the 21st century, which concern access to water, food, energy, shelter, as well as justice, in the context of a destabilizing climate and degradation of environmental resources. The course debates principles, concepts, contexts, issues and applications of sustainable development from the perspective of different disciplines, and helps students situate themselves in these debates as well as reflect on their own stance.

Language(s) of Instruction
English
