UCEAP Transcript Title PROPAGANDA
UCEAP Quarter Units 8.00
UCEAP Semester Units 5.30

Course Description
This course covers the history and theory of propaganda, including its role in society, and it considers what constitutes and defines propaganda. Focusing on the 20th century, the course examines propaganda in a range of political settings, both totalitarian and democratic, in the local context of the relationships of power and communications. Students consider how theories of propaganda emerged after the First World War, and how propaganda is shaped by governance structures, journalists and media institutions, and by technology.
