2.00

**UCEAP Semester Units**

1.30

**Course Description**

This Spanish course includes independent reading and interviewing local residents. The goals are to increase skills in communicating with persons of a wide range of backgrounds, to learn more about local land use and management practices, to enhance command of technical terms and to immerse into the culture. A 15-night homestay with a local family immerses students in Spanish language and Costa Rican culture. Evaluation for the course is based on oral reports and written assignments.
