**Course Description**

This course provides an overview of world economic history. The first part deals with early economic history focusing primarily on Asia. Topics include prehistory and the rise of civilization, the Buddhist and Islamic trade networks, early Chinese history, the rise of Europe, early imperialism, Chinese emigration and early Taiwanese history, and the British Industrial Revolution. A textbook is not used, but class readings and lecture notes are available on the internet. Assessment: book report, final exam, midterm quiz, group work.
