3.00

Course Description

Students explore the relationships of architecture and city planning to ideology, society and politics. Specifically, the course entails the development of these relationships in the context of Berlin across a number of different political eras, including the Empire, the Weimar Republic, National Socialism, the Cold War and the subsequent time which has elapsed since the fall of the Berlin Wall. Course contents range from shorter texts and lectures to long, involved city explorations and possibly exhibition visits.

Language(s) of Instruction
German
