Course Description
The seminar examines the present situation of migration policies and refugees in the European Union and in the Association of Southeast Asian Nations (ASEAN). Essential theories and the historical development of international refugee conventions are discussed. The respective political situation in the refugees' countries of origin, the paths of migration, and present politics in Europe and in ASEAN are furthermore examined and exemplified with essential case studies. Furthermore, the situation in refugee camps as well as opportunities and challenges for the integration of refugees is discussed.
