UCEAP Transcript Title MEDIEVL HIST 11-13C
UCEAP Quarter Units 4.50
UCEAP Semester Units 3.00

Course Description

This course provides a France-centric view of medieval history in Europe, from the fall of Rome until the Renaissance, focusing specifically on the prevailing secular and religious powers at the time. It examines the political, geographical, religious, and social life of these medieval societies in both their both local and relational contexts. The course includes a comprehensive look at Charlemagne, the Carolingian Empire, and the Frankish clergy, and explores how their influence defined the Early Middle Ages.
