## **Course Description**

This course facilitates students in the formulation of their own, critically aware, understanding of the nature of law and its features. Students develop their ability to articulate a reasoned position on distinctive features of law and a legal system and on questions such as the relationship between law and morality, law's legitimacy and function in a social order. Among topics that may be explored are the concept of law, the rule of law, authority, and connections between law and morality.
