4.50

UCEAP Semester Units
3.00

Course Description

This course surveys the main developments in education from ancient Greece up until present day, emphasizing in particular the cultural and philosophical milieu of each place and period. Participants develop a critical understanding of the historical dynamics through which educational theory and practice evolved in the west and the influence of these on contemporary education. This course is implemented as a colloquium: open-ended, participant-directed discussions on the weekly topic.
