UCEAP Course Suffix
UCEAP Official Title GENDER AND SEXUALITY IN THE ANCIENT WORLD
UCEAP Transcript Title GENDER IN ANC WORLD
UCEAP Quarter Units 5.00
UCEAP Semester Units 3.30

Course Description

This course examines issues of gender and sexuality in either the Greek or the Roman world. Students study contrastive portrayals of women and men, ideals of masculinity and femininity, sexual norms and codes, theories about the male and female body, views on marriage, rape, adultery and prostitution, and the relation between art and ‘real life’: what we may deduce from texts and visual sources about the gender roles men and women were expected to play within family and state.
