Country United Kingdom - England
Host Institution University College London
Program(s) University College London
UCEAP Course Level Upper Division
UCEAP Subject Area(s) Health Sciences
UCEAP Course Number 143
UCEAP Course Suffix
UCEAP Official Title FRONTIERS OF KNOWLEDGE IN POPULATION HEALTH
UCEAP Transcript Title POPULATION HEALTH
UCEAP Quarter Units 6.00
UCEAP Semester Units 4.00

Course Description

This course develops students' understanding of new and emerging issues in population health; it prioritizes the presentation of academic work in progress rather than established knowledge. Students are taught about emerging themes in population health as well as how knowledge develops and is disseminated within the academic community. Students develop a deeper understanding of contemporary population health research and develop their capacity to critically appraise key issues in population health.
