CHILDHOOD ACROSS CULTURES

UCEAP Transcript Title
CHILDHOOD

UCEAP Quarter Units
5.50

UCEAP Semester Units

3.70

Course Description
This multidisciplinary course examines childhood in historical and social context, exploring the implications for human development, child-care, child competencies, and education. Students explore the implications of seeing childhood as a cultural construct; investigate how different notions of childhood make a difference to actual children's development; and examine the modern understanding of “child rights” and its influence – both positive and negative – on children's lives.
