**Course Description**

This course examines Japanese political economy. It provides an overall understanding of political economy in Japan. The course covers diverse topics of contemporary Japan through the lens of political economy including the developmental state and Japan Inc., the politics of industrial policy, the bubble economy and lost decade, the Japanese financial Big Bang, the political economy of globalization and Japanese reform, types of economic recovery or recession after the 2008 global crash and 2011 quake, Abenomics and recent symptoms of recession, and Japanese foreign policy and new initiatives, etc. This course is divided into three parts. The first part focuses on the developmental state of Japan; the second part covers the Japanese “lost decade” and the future of its economy; and the third part outlines Japan’s foreign policy.
