UCEAP Course Suffix
UCEAP Official Title AFRICA IN THE GLOBAL SYSTEM
UCEAP Transcript Title AFRICA/GLOBAL SYS
UCEAP Quarter Units 4.00
UCEAP Semester Units 2.70

Course Description
This course focuses on the decolonization and emergence of Africa in the world setting, foreign policies in selected African States, and Africa in the international regional groupings from Pan-Africanism to African unity. The course examines the role and image of Africa in contemporary global affairs, why Africa has become the hopeless continent, and how African countries are so differentiated that any talk of an African stance, personality, or African rule, has unjustifiable and unwarranted marginalization.

Language(s) of Instruction
English
