UCEAP Transcript Title AM LIT 1890: PART 2
UCEAP Quarter Units 6.00
UCEAP Semester Units 4.00

Course Description
This course examines significant and canonical texts by American writers produced since 1945. Students analyze the working of class, gender, and race in these texts and the way these concerns translate into literary form as well as how they might relate to changes in American society. To see the different ways in which writers tackle the important questions of their time, students explore many of the social and cultural issues associated with American modernity and post-modernist aesthetics through literature.
