5.30

Course Description

This course examines the history, constraints, and characteristics of British cinema and television since the early 20th century. Topics include gender relations and social issues; actors and performance; popular genres including heritage, comedy, and gangster films; television drama and its hybrid forms; indigenous and exportable qualities of British film and television; audiences; distribution, exhibition, and public service broadcasting; relations between the film and television industries; and the impact of new media in contemporary global contexts.
