Course Description

International managers face diverse and dynamic business environments in which they must accurately assess the institutional factors that shape the success or failure of their strategies and operations. This course aims to provide students with management knowledge for understanding international business environments in order to design effective managerial practices. It covers a range of issues concerned with managing international operations, such as: the global business environment and national differences, global institutions and driver of globalization, cross-cultural management and business ethics, cross-cultural negotiation or expatriation and assignments abroad amongst others.
