### **Course Description**

This course examines everyday ethical questions through the lens of different scales of human relationships. It will examine five key relationships through cross-cultural perspectives: (1) with oneself—including self-care, self-forgiveness, and conscience; (2) with friendship and dating; (3) with one's immediate community—including family and professional life; (4) the larger society in which one lives—including social media and the politics of respect; and (5) with the transcendence of mystery, the divine, and the sacred—including urban space and the ecological other with which we participate.
